### Education and Training Equal Preparedness

In March the FFIEC updated the Business Continuity Planning Booklet for the first time since 2003. This follows the NCUA Letter to Credit Unions providing guidance on Pandemic Planning at the end of 2007. The guidance has been provided. Updated topics include but are not limited to Plan Development, Board Responsibility, Pandemic, Testing. **FISolv** is devoted to providing financial institutions with Business Continuity and Disaster Recovery services. Our pledge is to ensure that the financial institution has a fully functional plan that follows FFIEC Guidelines, is compliant with regulators and safeguards members.

**FISolv** offers Business Continuity Plan Education and Training Services. Education and Training are offered through multiple formats: Seminars, Webinars, On-site and through CU and Professional Organizations. **FISolv** BCP Education and Training Services focus on BCP Plan Development, Regulations and Industry Best Practices. **FISolv** prepares the Credit Union for examination and provide the Credit Union Members, Community, Board and Employees the peace of mind that the Credit Union is prepared for examination or a real life occurrence. **FISolv** is dedicated to being the Credit Union's first and trusted source in Business Continuity and Disaster Recovery services.
